NORTH METN-BEIRUT
LEBANON

14th June 2013

Dear Mr Attaché,

Application for Approval of Edexcel Assured Status

This is now an Edexcel Assured centre until **December 2014**

This approval is for intakes of learners starting immediately. Registration and certification under this approval can now be undertaken.

Approval beyond the date shown above is dependent upon the successful outcome of the annual Quality Adviser (QA) review visit. Details relating to this review will be communicated to you in due course. The QA will be appointed annually.

The QA will check to ensure that the internal centre quality systems relating to this assured programme are in accordance with Pearson requirements. A report will be prepared on systems and standards for the programme, together with any actions and improvement recommendations.

In line with Edexcel Assured requirements, we ask you to ensure that all assessment records (where relevant) and tracking documentation are up to date and complete before the next annual Quality Adviser visit. All such records should be accessible to the Quality Adviser and kept for a period of three years from the date of learner completion.

Please note that as a condition of this approval your centre is required to keep a complete copy of the application documentation as approved. It should be made available to the Quality Adviser and any other appropriate Pearson personnel upon request.

Please accept our best wishes for the success of these programmes at your centre.

Yours sincerely,
Raymond Bradford
